

Air Stream Cable Blowing Machine

The C-1700 Air Stream has been designed to maximise protection for micro cables with a compliant double drive concept, backed by the latest technology in servo controls to provide precise control of torque and speed. Single person operation with safe, easy to operate ergonomic controls combines with low maintenance and high reliability to form the machine's key features. The Air Stream is adjustable to suit a wide range of cable diameters 3-11mm.
